

# Ancient Egypt

## Layers of Learning

### Geography

- One of the oldest civilization's in the world started in Ancient Egypt, located in the northeast corner of \_\_\_\_\_.
- The civilization was established near the \_\_\_\_\_ River, the longest river in the world.
- Egypt was originally divided into two kingdoms: \_\_\_\_\_ Egypt and \_\_\_\_\_ Egypt.
- Little rain fell in the region of Egypt, most of the land was \_\_\_\_\_. However, heavy rains from East Africa, caused the Nile to \_\_\_\_\_ every year, leaving rich silt which was great for farming.
- Most of the fertile land was located in the Nile River \_\_\_\_\_.

# Ancient Egypt's Government and Society

Hunter-gatherers first moved to the area 12,000 years ago. Eventually small villages became a civilization in 3600 BC.

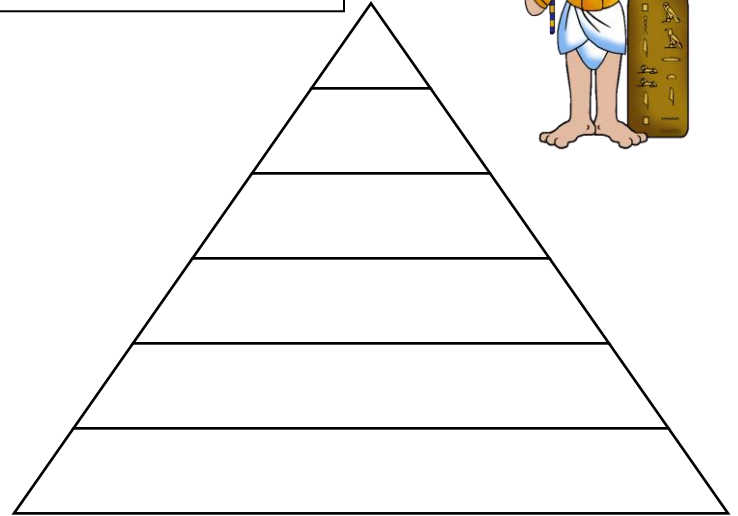

What allowed people to stop nomadic life and settle down? \_\_\_\_\_

## Government and Society

### Ruled by a Pharaoh:

- Pharaoh was believed by the Egyptians to be the supreme ruler chosen by the \_\_\_\_\_.
- They believed that when a man became a pharaoh, he also became a \_\_\_\_\_.
- Pharaohs ruled in \_\_\_\_\_ - series of rulers from same family.
- Pharaoh had all power over all other gods and also controlled the land and people of Egypt.

### Social Class System:

## Daily Life

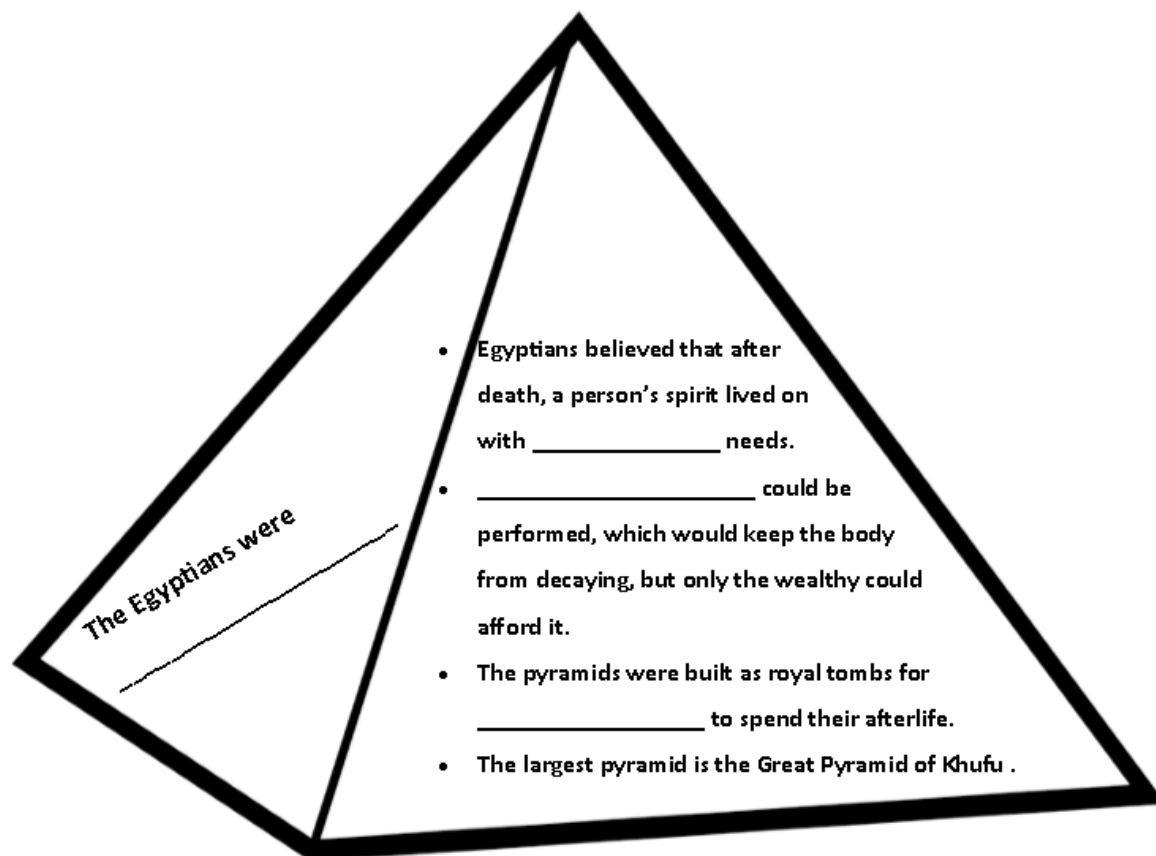

Workers	Wealthy
	

## Economics

- As Egypt's empire expanded, so did \_\_\_\_\_.
- They were able to trade with other countries through increased \_\_\_\_\_.
- Historians have found proof that Ancient Egypt traded with areas in \_\_\_\_\_ and \_\_\_\_\_.
- Valuable resources: gold, copper, timber, and turquoise.

## Ancient Egypt Religion and Emphasis on Afterlife

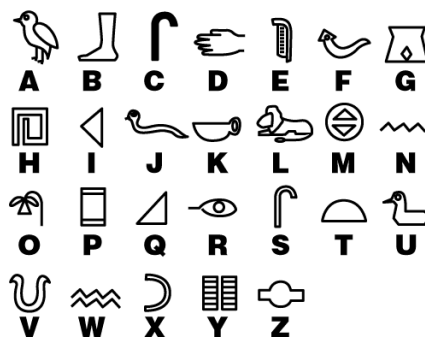

## Ancient Egyptian Achievements
